## Advanced Skin Treatments

### **Glow Facial**

**\$90**

Transform the health of your skin with this effective, clinically proven express treatment. Light Therapy can focus on all the major skin concerns such as acne, redness, rosacea, pigmentation & breakdown of collagen & elastin. This non-invasive treatment will re-energise & re-charge all your cells so that they perform & behave more optimally. When treating skins with bacterial breakouts the LED increases healing & eliminates the P-Acne bacteria that cause those breakouts. All LED treatments are customised by our highly trained therapists for your individual skin concerns and include a complimentary hand and arm massage.

### **Bio-White Peptide Peel**

**\$145**

High strength Vitamin C & Peptide peel. Ideal for pigmentation & uneven skin tone. A fabulous anti-inflammatory treatment.

### **Catalyst Retinol Peel**

**\$159**

The perfect Vitamin A age prevention peel. Concentrated levels of pure Retinol & encapsulated Retinol, Niacinamide & Natural Fruit Acids work together to counteract skin aging, improve the appearance of UV damage & refine & resurface your skin.

### **Cryo Therapy**

Cryo Therapy is an easy, painless removal of benign skin lesions, pigment spots & skin tags. This treatment rapidly freezes the affected skin lesion to destroy it. The Cryo Pen's precision tip ensures only the specific area freezes, ensuring the surrounding tissue is unaffected. The frozen tissue will form a scab that will fall off & disappear within a couple of weeks, along with the skin lesion.

**1 lesion**

**\$49**

**Up to 3 lesions**

**\$99**

**More than 3 lesions (inc's a full canister which is approx 110secs of treatment time)**

**\$149**

## Skin-Needling

Also known as Collagen Induction Therapy. While sounding a little intense, this phenomenal treatment can be easily tolerated by most skins with little to no down time. Your session is performed by a qualified therapist using our medical grade device & tiny sterile needles to cause a controlled 'trauma' to the skin. Your skin then naturally responds by producing new collagen resulting in skin that is visibly fresher, has more bounce & is glowing. This is an ideal treatment for those looking to treat stubborn pigment, refine 'pores', smooth texture, increase collagen & skin suppleness, soften lines, treat acne scarring & give new life to your skin!

### **Individual Micro-Needling Session**

**\$295**

We recommend a course of 3 or more sessions to reach your ultimate skin goals
